Introduction Of the Guyman Maxi / Mini Bucket

Abi you know say Guyman no dey slack!

A few weeks ago, we leveled up the Chickenman experience by introducing something heavy, the Guyman Bucket. We didn't just add it quietly, we made it LOUD. When it comes to giving value, we go all out!

Now you get to choose your portion size based on your hunger mood. The **Mini Bucket** comes loaded with 4 pieces of chicken served with either our signature Ghana jollof or fried rice, all for just **GHS 99**. But if you dey feel extra or you dey roll with the other "guymen", the **Maxi Bucket** is your best bet. 8 pieces of chicken plus your rice combo for just **GHS 149**.

It's Big Vibes. Bigger Bites. The Guyman Bucket didn't just enter the game, it took over! After launching in May, it quickly climbed the charts to become our **Menu Item Of the Month**.

Join the Guyman train and grab The Guyman Bucket, available across all 90 branches nationwide and live on the Chris B App, Place your orders now.
