Celebrating One Year of the Chris B App!

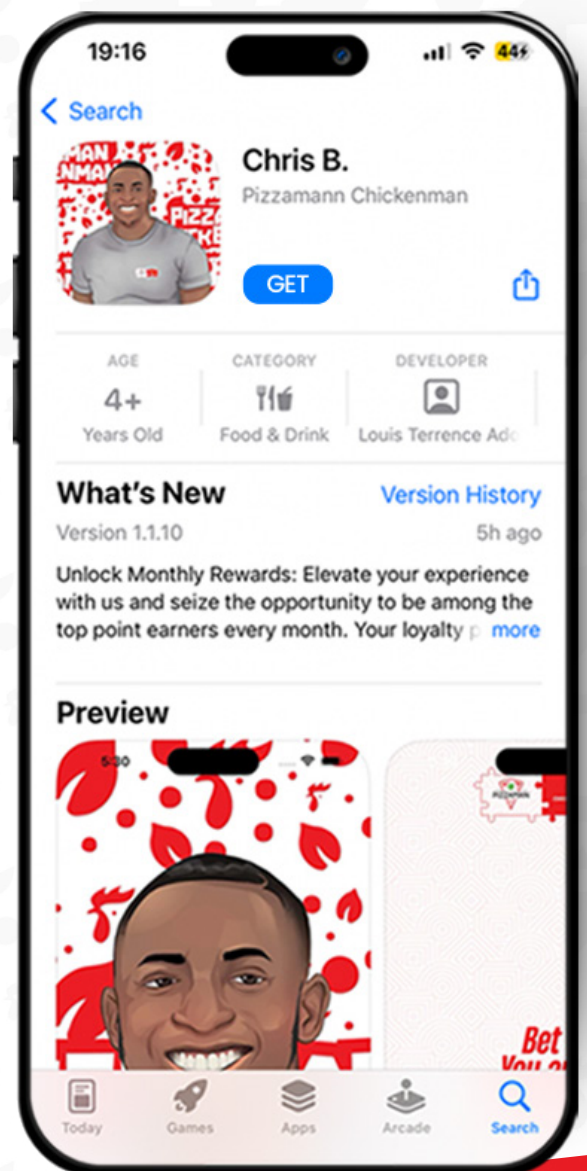

A year ago, we launched the **Chris B App** to protect and better serve you. With imposters posing as Pizzaman Chickenman on platforms like Google, we developed this app as a safe, **streamlined** way for you to place orders and enjoy the real deal with total confidence.

Today, the **Chris B App** has become the go-to choice for our community, with over **130,000 registered users** and an impressive **4.5K+ daily active users!** The app offers an **easy, secure way of ordering** that lets you **customise meals, track orders in real time,** and **earn loyalty points**—redeemable for discounts on future orders!

A special thanks to our amazing IT team, who turned this vision into reality, making each order smoother, safer, and more rewarding. **App Store** for iOS users and **Google play** store for android users, the app has not only become a customer favourite but has also crowned some menu items champions! Our **most purchased items on the app? Jollof Mini Bucket** and the **Breezy and Kersame Pizzas** —these are must-tries if you haven't already!

We're just getting started! Exciting news: a **fun trivia feature** is coming soon, letting you earn even more loyalty points just for playing along. Imagine having fun while winning rewards—it's a win-win!

Thanks to YOU, this first year has been unforgettable. **Stay tuned for more exciting updates and rewards** as we enter the festive season!
